## Applicant Live Scan Hardware

FBI Certified with FbF LiveScan Software

### Thales Cogent Multifinger Scanner CS500f

The Cogent Multifinger Scanner CS500f is the brand new compact Ten-print livescanner offering a superior fast acquisition speed and USB 3.0 technology.

It supports collection of all 10 fingerprints in 4-4-2 format (right four fingers, left four fingers, and two thumbs) while producing high quality fingerprint images with exceptional capture speed.

Designed with a small footprint, it can be used in a desktop setting or integrated into other systems like kiosks. It is provided with a useful handle to improve the scanner handling in case of mobile installations.

- Flat and Rolled fingerprints acquisition
- FBI IAFIS Appendix F certified
- Superior acquisition speed

### Integrated Biometrics Kojak Ten-Print Roll Scanner

Kojak is the world's lightest, fastest, and most accurate FBI Appendix F Certified ten print and roll live scanner. Utilizing Integrated Biometric's patented Light Emitting Sensor (LES) film, Kojak produces the highest quality fingerprint images in the certified mobile market.

Incredibly small and incredibly accurate, the Kojak 10-print roll scanner features an intuitive ergonomic design, weighs less than 1.6 lbs, and scans four flat prints and single finger rolls. Kojak is impervious to latent prints and functions with both dry and dirty fingers, without the need to apply hand lotion. As with our other industry-leading scanners, Kojak performs in direct sunlight with an easy-to-read LED graphic user interface.

### Suprema RealScan-G10 Live Scan

RealScan-G10 is a compact live-scanner for single and ten-print capture. Suprema's advanced optical technology allows high-speed image capturing and seamless image processing. IP54-rated dust and water resistant housing makes it suitable for indoor and mobile environments. With its proven reliability of FBI certification, RealScan-G10 is the perfect portable live-scanner for civil and criminal applications.

- Compact and portable all-in-one live scanner for single finger flats, rolls and four finger slaps
- Rugged IP-54 dust and waterproof form factor
- FBI certification for civil ID and AFIS applications
- Fast and easy capture of wet and dry fingers
- Fingerprint quality, sequence, and slippage checks
